From the President

May 2023

Dear Members,

We are getting closer to the upcoming 49th Quadrennial Convention which will be held in Rosemont, IL, starting on Tuesday, August 29, 2023. Representatives will discuss exciting initiatives and make decisions that we believe will further the Polish National Alliance.

Over the past four years, our world has faced many challenges, including the PNA, due to the pandemic and other social changes. Needless to say, we addressed every issue. The PNA is on the right track to continue its mission to the Polish-American community.

Despite the difficulties, we have continued to persevere and are proud that this year's Independent Comparative Report (see page 11) reflects our organization's strength.

We are looking for new ways to engage our members to have a voice at the PNA. One way we will accomplish this is through expanding the democratic process of electing PNA governance.

I have exciting news to share with our members. Currently, we are in the process of having the Polish National Union (PNU) of Scranton, PA, merge with the PNA. The merged society will be a division of the PNA. The PNU selected the PNA to merge with based on our

financial stability, shared goals, and inclusiveness. The PNA will grow by approximately 8,000 members. We welcome them with open arms!

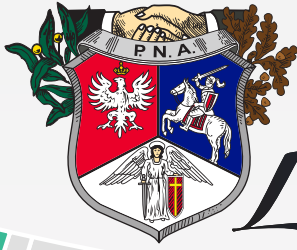

In addition, we are in the process of entering into an agreement with the POLAM Federal Credit Union to offer our insurance products.

Finally, I want to express my sincere appreciation to our members for their support and loyalty. Our success is only possible because of you. Thank you for your trust in us as we work to create a stronger PNA. The strength of the organization lies within its members and service to the community. With the recent by-law amendments, we will be looking for dedicated and skilled individuals to promote activities within their communities. Please do not hesitate to reach out to the PNA to learn how you can get involved!

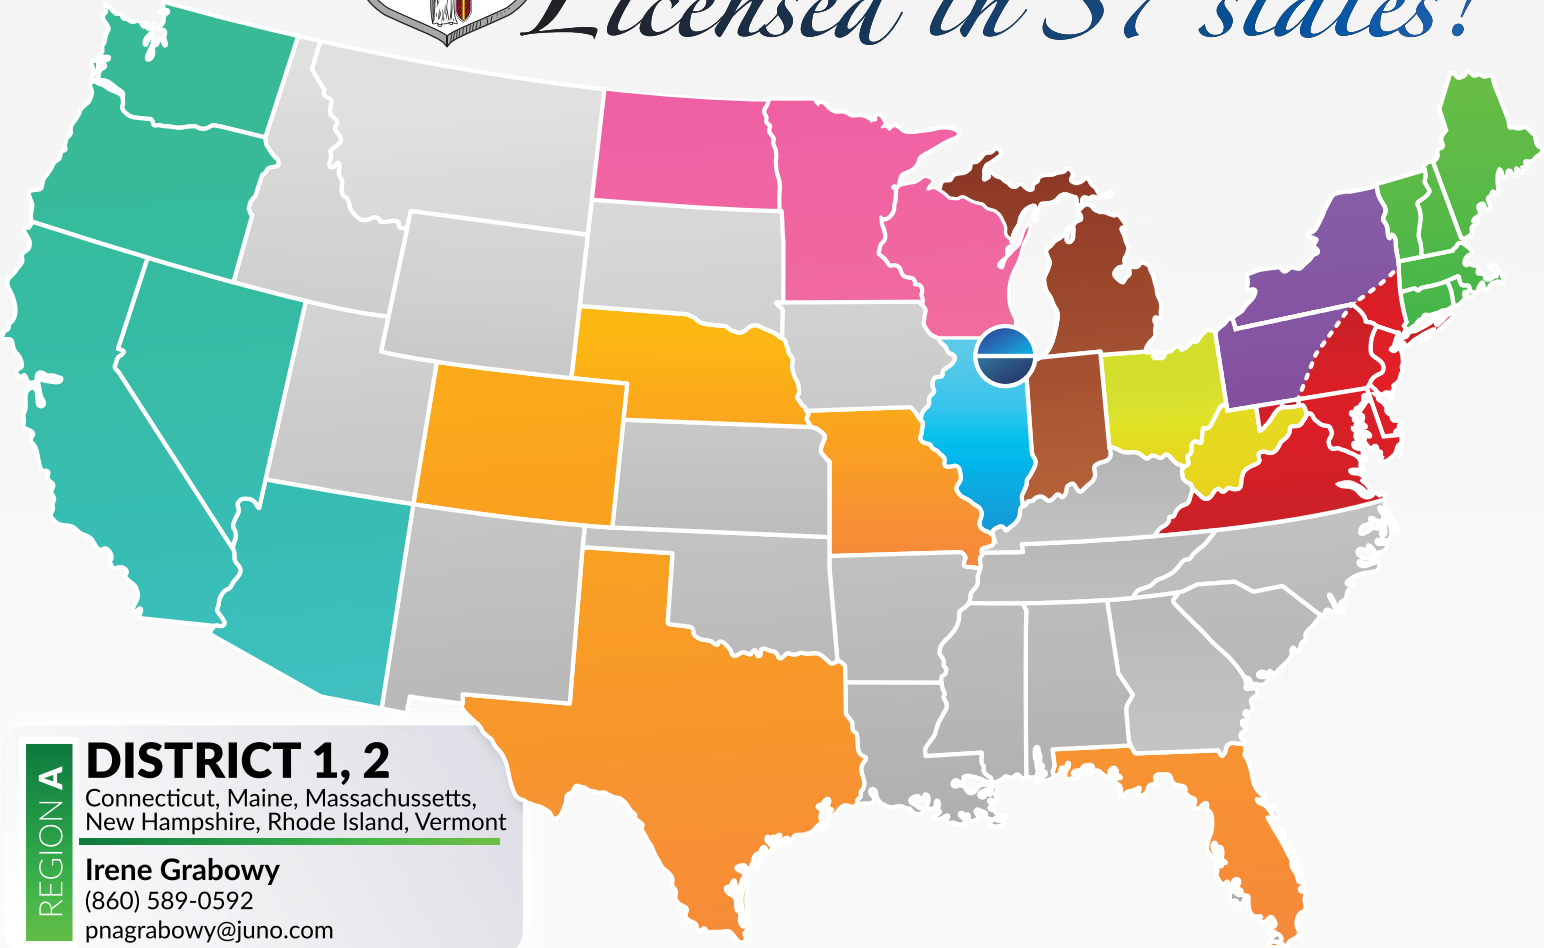

I congratulate all representatives elected to the 49th Quadrennial Convention and am looking forward to meeting soon in Rosemont. For more information regarding the National Convention, please see pages 12-14 and follow PNA's website.

Have a safe and relaxing summer!

Hello All!

I wanted to express my deepest gratitude for the kind words I received from many regarding my first issue as Zgoda Editor. It is truly an honor to be in this role, and I could not do it without the help of so many wonderful people.

From the Manager of Sales

Dear Members,

When you are reading this Zgoda issue, a burst of beautiful sunshine is probably entering through your window, providing not only warmth but happiness in your heart. Summer fun and the beautiful weather remind us it is finally time for a vacation, outdoor activities, family barbecues, and relaxation. It is easy to get swept up in the summer heat and place a pause on the stresses in our lives. However, we cannot forget about one topic that remains important year-round: **life insurance**.

Whether you are a first-time life insurance buyer or have coverage with PNA, consider a **term plan**. Why? It's **affordable**. A term plan provides coverage for a specific period, usually ranging from 10-20 years at a fixed premium amount. This means you can get the coverage you need without breaking the bank. For example, a 40-year-old woman who is a non-smoker and in good health can buy \$252,922 in coverage insurance for only \$20 a month to be covered under a 10-year term plan. If you are a 34-year healthy, non-smoker male, \$20 will provide you with a \$300,344 coverage amount under the same plan.

In addition to affordability, term life insurance is also easy to understand. You do not need to be a financial expert to understand the terms and conditions of the certificate. The coverage is **straightforward** to comprehend, so you can make informed decisions about your financial future.

Another benefit of term life insurance is the conversion option. If your circumstances change, you have the option to convert your certificate into a permanent life insurance plan without undergoing a medical examination. This is an important factor to consider as we cannot take our health for granted. The unexpected may happen and could prohibit you from obtaining coverage in the future after a medical examination. Overall, a term plan's flexibility allows you to adjust your coverage as your needs change over time – **worry-free!**

When purchasing life insurance, many people ask *what is a rider or waiver?*

Term life insurance certificates offer a range of riders that can be added to your certificate to provide **additional** coverage for specific situations. These riders can include accidental death and disability coverage. An Accidental Death Benefit rider provides double the face amount (max. \$300,000) should death result from an accident. A Disability Waiver of Premium Rider provides a premium payment waiver should the proposed insured become disabled for six continuous months or longer. Once again, life and health cannot be taken for granted. Adding on an additional rider is a small cost for peace of mind.

Annuity rates are still hot at PNA just like the weather! We encourage you to inquire about opening an annuity account or making an additional deposit, especially if you received an extension on your tax deadline. For so many years we were in a low-interest rate environment that when we see rates as high as 4.50%, 4.25%, or 4.35%, our wallets shiver with excitement. These rates are subject to change at any time so do not delay, open an annuity today!

In conclusion, I urge you to consider the benefits of term life insurance and other available plans. Contact us today to discuss your options and get the coverage you need. In the meantime, please scan the QR code below to visit our website and check out our offerings.

Wishing you a joyous and safe summer,

*Jolanta Walaszek,

From the National Secretary

Dear PNA Members,

The Home Office is gearing up for the 49th PNA National Quadrennial Convention.

Congratulations to its 110 duly elected Representatives! The future of our organization is in your hands. We are looking forward to seeing you in Rosemont IL, one of Chicago's conveniently located suburbs.

Please check the PNA website for updates and feel free to contact my office with any questions. Note, the PNA By-Laws were recently amended by the Representatives to the 48th PNA Convention (2019, Phoenix, AZ).

To the PNA members that are not part of the organization's fraternal structure, I encourage you to get involved, take advantage of PNA's membership offerings, participate in its assembly, and contribute to its future.

On a practical note, there is a great chance that some of our members moved in recent years or months. The real estate business is thriving, regardless of the interest rate increases. People move out of large cities in search of more space and to different states to pay less taxes. Whatever the reason, don't forget to inform PNA about your change of address. You can download the Address Change Form off our website pna-znp.org, or call the PNA office at (800) 621-3723 ext. 366. As always, we are ready to assist you!

Wishing you a wonderful summer,

Alicja Kuklińska

He noted that, nationally, the PNA has annually offered over \$200,000 total in undergraduate and graduate scholarships. The delegation was very appreciative of his comments and his

enthusiastic support of the district. Mr. Spula used the opportunity to award the Bronze Legion of Honor medals to two district representatives in recognition of distinguished and devoted service. A Remarkable Member...

Ms. Irene Hercik – PNA National Director

1 *Ms. Hercik, how did you become involved with the PNA?*

When my parents immigrated to Chicago, they became PNA members. My father joined Lodge 694 within his first week of arrival. He held several offices within the lodge and was President for 30 years. He also served as Council Treasurer for 14 years and Council President for 24 years. Our family regularly assisted him with events. When he passed away, I was honored to become the first female President of our lodge. I served as Lady Vice President of Council 3 for 10 years, after which time I was elected President and am serving my 15th year in this position, and I look forward to the next generation of leaders. During my two terms as Commissioner, I organized many events, including the elegant PNA Debutante and Squire Balls. I thank the PNA members that sup-

ported me in these endeavors. As of 2012, I serve as a National Director.

2 *What were your experiences like growing up as a first-generation Polish American?*

I attended Polish school where I enjoyed learning more about my culture. I was also in Polish Scouts, where we camped in tents overnight at the PNA Youth Camp. My fondest memory was when our group performed at the

Around the World." Each country displays a Christmas tree decorated with ornaments native to their country. There is also a theater where each ethnic group performs on a designated day during December. Our scouting

Museum of Science and Industry in Chicago. During the time leading up to Christmas, the museum features an exhibition called

group performed dances, and one year I was a soloist and sang "Lulajże Jezuniu."

3 *What other organizations are you involved in?*

I am also involved in the Polish American Congress – Illinois Division. I have served as a delegate for several years, and since 2017, I have been elected as Vice President. I have served on the Audit Committee when needed and assisted in the organization of the Annual Heritage Banquet. Aside from PAC-IL, I have served as an election judge and election coordinator for numerous years. I also organized and taught English as a Second Language (ESL) courses to Polish and Hispanic immigrants at my parish.

4 *What are some accomplishments you are proud of?*

While raising a family, I returned to school to learn about microcomputers and programming languages. This was when few people had personal desktop computers, which resulted in my attaining a degree in computer information systems, in addition to my bachelor's degree. These achievements have helped me in my distributorship business.

5 *Tell me a little bit about your family.*

Joe and I met as chaperones of a teen club outing sponsored by our parish. While his mother was in Poland visiting her family, we began courting, and eventually were married! We have a daughter and a son. Our daughter, Theresa, is an architect and our son,

The Hercik family

Joe, works in insurance technology, and they are both busy raising families.

6 *What advice do you have for young Polish Americans to become involved?*

I often speak with 3rd and 4th generation Americans of Polish descent, who claim they have limited knowledge about their Polish ancestors. They tell me they wish they knew more about their ethnic roots. As Pope St. John Paul II said, “*Nie lekajcie się!*” “Do not be afraid” to become involved. Social media makes it easy to learn about your cultural traditions. An excellent way is to like or follow PNA’s Facebook page, where you can always find interesting facts about Polish customs and traditions.

7 *You mentioned you love traveling. What is a memorable travel experience you had?*

I enjoy visiting areas outside Chicago and have traveled throughout North America and Europe. Memorable trips include attending Mass on Ascension Thursday at St. Peter’s Basilica in Rome

with Pope John Paul II celebrating the Mass. The College of Cardinals was also present for a formal meeting with the pontiff. We sat at the end of our pew and watching all the Cardinals and Pope John Paul II process out after Mass was inspiring. Afterward, we spoke with the late Cardinal George from Chicago. He was happy to see us and graciously allowed us to take a photo with him. My travels to Poland were also memorable because I could spend time with family and visit the country of my roots. I especially enjoyed seeing the Shrine of the Black Madonna in Częstochowa, Wadowice (the birthplace of Karol Wojtyła, now St. John Paul II), Wieliczka Salt Mine, Kraków, and Zakopane.

8 *What other hobbies are you interested in?*

I enjoy gardening, traveling, spending time with family, and enjoying our grandchildren!

Hercik family grandchildren

9 *Would you be willing to share with us some exciting plans you have?*

I hope to visit Poland soon, specifically areas I have not been to, and spend time with family and friends who have returned to Poland.

Thank you for the interview, Ms. Hercik!

In Memoriam

STANISŁAWA DOROTA RAWICKI (1954-2023)

W środę, 12 kwietnia Polonię obiegła smutna wiadomość o śmierci Stanisławy Rawickiej (z domu Krawczyk), długoletniej działaczki Związku Narodowego Polskiego, Kongresu Polonii Amerykańskiej i wielu innych organizacji polonijnych. Stanisława Rawicki była prezesem Gminy 91 ZNP (PNA) i Grupy 700 Towarzystwa Giewont, wieloletnią wiceprezes stanowego wydziału KPA, udzielała się w Związku Klubów Polskich i Legionie Młodych Polek. Zarówno w KPA, jak i w PNA podejmowała wiele inicjatyw. Najbardziej znanymi były jesienne przyjęcia z okazji Święta Dziękczynienia Gminy 91 oraz majowa rocznica urodzin Karola Wojtyły, na której zawsze podawane były kremówki. W ogrodzie PNA rośnie dorodna sosna zasadzona ku czci Św. Jana Pawła II, a pod nią pamiątkowa tablica, również dzięki inicjatywie pani Stasi.

Pani Stasia była osobą o wielkim sercu i równie wielkiej fantazji. Szła przez życie z odwagą. Urodzona na Lubelszczyźnie, do Stanów Zjednoczonych przyleciała w 1980 roku, w czasach, gdy Polska była zniewolona. Dążenie do wolności i poczucie patriotyzmu wyniesione z rodzinnego domu nigdy jej nie opuściły, wręcz przeciwnie stały się jej misją w nowym kraju. Na początku pracowała ciężko i uczyła się Ameryki. Lekcji angielskiego udzielała jej pani Wanda Rozmarek i tak pewnie rozpoczęła się przygoda Stanisławy Kaczmarek z PNA. Kilka lat po przyjeździe do Chicago została członkiem organizacji, później jej reprezentantką i oddaną, charyzmatyczną działaczką. Po latach ciężkiej pracy i wytężonej nauki zdobyła licencję sprzedawcy ubezpieczeń i przez 15 lat pracowała dla

Metropolitan, którą to firmę zostawiła poświęcając się pracy na rzecz PNA i polskiej społeczności Chicago. Pani Stasia była jedną z czołowych agentek ubezpieczeniowych PNA. W czasie swojej kariery zapisała do organizacji setki nowych członków i zasiadała w Radzie Dyrektorów PNA.

Jej energia i zapał były niezrównane. Oddana żona Waldemara Rawickiego, kochająca mama Eluni, przyjaciółka wielu, prezeska, inicjatorka i działaczka społeczno-polityczna, promotorka sztuki. Pani Stasia znajdowała czas na pracę w ogrodzie, gotowała pyszne potrawy i ciasta, którymi dzieliła się z innymi. Osobowość większa niż życie, które po ciężkiej chorobie, odeszło przedwcześnie. Spoczywaj w pokoju pani Stanisławo.

On Wednesday, April 12, the Polish community was saddened by the news of the death of Stanisława Rawicki, a longtime activist of the Polish National Alliance, Polish American Congress, and many other Polish community organizations. She was the President of PNA Council 91 and an active member of Lodge 300 Giewont Society, longtime Vice President of the Polish American Congress – Illinois Division, and active member of the Union of Polish Clubs and Legion of Young Polish Women. Both in PNA and PAC-IL, she undertook many initiatives. The most prominent were the Council 91 Thanksgiving gatherings and the annual May celebrations of Karol Wojtyła's birthday which consisted of the famous Wadowice cream cakes. Ms. Rawicki was a devoted Polish community activist and a good friend to many. She will be dearly missed.

Konkurs „Mistrz Literowania” w Polskiej Szkole w Yorba Linda

W dniu 18 lutego, odbył się konkurs literowania po polsku w Polskiej Szkole im. Heleny Modrzejewskiej, działającej przy Ośrodku Polonijnym w Yorba Linda, Kalifornia.

Celem turnieju było nie tylko promowanie polskości, ale także nauka trudnej pisowni wyrazów w języku polskim.

Konkurs był sponsorowany przez lokalną Grupę 3259 „Piast”, która ufundowała karty upominkowe Amazon dla swoich członków i byłego komisarza Okręgu 16 PNA, Jarosława Musiała, który ufundował nagrodę pieniężną.

Do konkursu zgłosiło się 31 uczniów z klas 4-8. W komisji oceniającej umiejętności literowania zasiadli: Marlena Hulisz, Barbara Jarosławski, Maria Menclawicz (przewodnicząca jury), Jarosław Musiał, oraz Grzegorz Chilecki - doradca Regionu J, imprezę poprowadziła sprawnie jedna z nauczycielek, pani Bożena Larsunowicz.

W pierwszym etapie konkursu uczestnicy mogli zapisać wylosowany przez siebie wyraz. W drugim etapie już nie mieli tej

możliwości i musieli każdy wyraz przeliterować z pamięci. Poziom, który zaprezentowali uczniowie był tak wysoki, że nawet 270 wcześniej przygotowanych wyrazów trudnych ortograficznie było za mało, żeby wyłonić zwycięzcę.

Po trzech godzinach zmagania wyłoniono Mistrzynię Literowania 2023 - Liliankę Włodarską (powyżej na zdjęciu z Panią Bożeną Lasunowicz), a drugie miejsce zdobył Paweł Śnieżyński, członek Grupy 3259.

Kierownik szkoły, Agnieszka Naylor, wręczyła uczestnikom pamiątkowe dyplomy i drobne upominki. Zwycięzcy otrzymali okolicznościowe medale i nagrody.

Gratulacje zwycięzcom i wielkie brawa dla wszystkich uczestników!

Podziękowania i wyrazy uznania dla dyrekcji szkoły, nauczycieli oraz wszystkich, którzy przygotowali piękną oprawę artystyczną i czuwali nad sprawnym przebiegiem konkursu.

Song & Dance Concert

On March 19, 2023, the Polish National Alliance hosted its annual Song & Dance Concert at Lake Zurich High School Performing Arts Center in Lake Zurich, IL, where eight Polish folk song and dance ensembles subsidized by the PNA performed. Part of PNA's mission is to preserve Polish culture and teach younger generations of Polish Americans about their heritage. This was the 37th PNA Song & Dance Concert since its beginning in 1987. The following ensembles performed: WICI, Lajkonik, Gaiczek, Gaik, Whispers (Szepty), Hejnał, Żaki, and Świtezianie.

The PNA Song & Dance Concert was organized by PNA Fraternal Advisor and WICI Artistic Director Magdalena Solarz, Fraternal Events Coordinator Mary Srodon, and PNA staff and volunteers. Around 700 individuals attended the concert and over 300 dancers participated. Ensembles performed various Polish national dances such as the *polonez*, *oberek*, and *kujawiak*, as well as regional dances from Silesia, Kashubia, the Highlands, and Łowicz. Dancers wore dazzling folk outfits representing various regions.

May 3 Constitution Celebrations

The week of May 3 once again turned into a burst of white and red patriotism in Chicago as Poles celebrated Poland's remarkable Constitution of May 3, 1791.

The Polish National Alliance organized its annual **Wreath-Laying Ceremony** at the Kosciuszko Monument on May 2, a beautiful tradition that has been

taking place for over a century. On May 6, the PNA participated in the **Chicago Society PNA Pre-Parade Brunch** and the **Polish Constitution Day Parade** along with its subsidiaries Dziennik Związkowy and WPNA 103.1 FM. The following day, PNA organized the annual patriotic **Mass at Holy Trinity Church** in the intention of the Fatherland. The celebrations concluded at the **Parade Banquet** that following evening where PNA received 2nd place in the business decorating contest. It was certainly a week to remember spent with the community celebrating our heritage and patriotism together!

Jan Zawiliński

Life in Chicago

Życie w Chicago | 1900-1924

Jan Stanisław Zawiliński (1873-1929) was born in Poland and came to Poland at the age of 16. He resided in Noble Square, a prominent Polish settlement. Zawiliński was active in the Polish-American community and began working at the Polish National Alliance as a printer. He later worked as a clerk, then an assistant to the Secretary General, until he was elected as

Secretary General and held that office until 1928. He was also active in PNA Lodge 257.

Zawiliński was an amateur photographer, but he had a unique artistic perspective. Rather than focusing on staged photography, Zawiliński wanted to capture everyday life. His images help to understand the life of Polonia in Chicago during the late 19th and early 20th centuries. Zawiliński also photographed prominent spots, monuments, and parks in Chicago. His photographs provide a fascinating glimpse into Chicago's history. Although he did not leave behind detailed descriptions of every photograph, viewers can be left to their interpretations by focusing on the details. Zawiliński passed away from a sudden heart attack on June 7, 1929, at 56.

The Great Castles of Poland **WILANÓW PALACE**

Our series continues with Wilanów Palace in Warsaw! You may say a palace is not exactly a castle, and that is correct. A castle is defined as a structure that is fortified. A palace is not. However, a palace as grand and beautiful as Wilanów deserves recognition, so we will make an exception for this issue! Wilanów Palace, also known as the Wilanowski Palace, is

a magnificent Baroque-style palace located in Wilanów, a district of Warsaw, Poland. The palace was built between 1677 and 1696 for King Jan III Sobieski, a prominent monarch in Polish history. Wilanów Palace is sometimes referred to as the “Polish Versailles” after Louis XIV’s glorious palace on the outskirts of Paris, France.

One of the palace's most remarkable features is its stunning architecture. Wilanów Palace was designed by architect Augustyn Locci. Initially, he was commissioned to create only a ground-floor residency. However, the project expanded as Poland experienced military success and an increase in the importance of royalty. Locci combined the traditional Polish and Italian styles to create a unique and impressive building. Its bright yellow exterior shines brightly, especially against the background of a blue sky or its lush green surroundings.

Wilanów Palace is considered one of the most important historical and cultural landmarks in Poland and is listed as a UNESCO World Heritage Site. It is a must-see attraction for anyone visiting Warsaw.

The palace's interiors were designed and decorated by talented artists, including Johann Sambach, Giovanni Battista Gaulli, and Pompeo Batoni. Wilanów Palace served as a royal residence until the late 18th century when Poland was partitioned and lost its independence.

Baroque-style sun clock on the exterior

During the 19th century, the palace underwent several renovations and was owned by various noble families. In the 20th century, it was used as a military hospital and then as a museum.

Today, the palace is a popular tourist attraction and houses a museum that showcases its history, architecture, and art collections.

The palace consists of several wings with many interesting halls and rooms. The façade of the palace is decorated with columns, sculptures, and reliefs, which showcase various mythological and historical scenes. One of the most intriguing rooms, the White Room, boasts the most lavish interior of the entire palace. Large mirrors line the walls providing the illusion of an enlarged space. Chandeliers illuminate the room and royal possessions enhance the authenticity of the room.

Many of the rooms are decorated with frescoes, stuccoes, and statues. Inside the palace is also the King's Library where Sobieski enjoyed reading and working. Tourists can also visit Sobieski's bedroom and dining room, which both consist of stunning decorations. The palace also has a chapel which was built to commemorate Sobieski. There are many more rooms to see that reflect the various architectural styles that were infused into the palace's beauty.

WILANÓW PARK

After getting lost in the magic of the palace's rooms, take a stroll through the palace's beautiful parks and gardens. The surrounding park features sculptures, fountains, and gardens in various styles, including English, French, and Baroque. The palace and its park are often used for cultural events, concerts, and festivals, such as the annual Mozart Festival.

JAN III SOBIESKI

Wilanów Palace's most well-known resident Jan III Sobieski was a Polish king who reigned from 1674 until he died in 1696. He is considered one of the most notable monarchs in Polish history, known for his military victories, cultural achievements, and political leadership.

Sobieski statue in Wilanów Palace

Sobieski was born in 1629 in Olesko, Poland, into nobility. He was highly educated in various studies including history, languages, and military tactics. He became a military commander and progressed through the ranks of the Polish army.

In 1673, Sobieski was elected as the King of Poland. As a king, Sobieski was highly respected by his subjects. He led the Polish army to a historic victory over the Ottoman Turks at the Battle of Vienna in 1683, which is considered one of the most significant military victories in European history.

Sobieski was also a patron of the arts and sciences, and his court was known for its intellectual and cultural achievements. In addition to Wilanów Palace, he commissioned many impressive buildings. His accomplishments led him to be remembered as Poland's last king to restore the greatness of the Polish-Lithuanian Commonwealth before the Partitions. The Wilanów Palace serves as a reminder of that greatness and that even after downfalls, beauty still prevails.

Summertime and Insects

Do you love summer?
So do insects!
Read how to treat
and prevent their bites
and stings.

Whether you are indoors or outdoors, you may be subject to insect bites or stings. Some may be minor irritations, and some may be dangerous and cause a deadly bodily reaction. This article will mention the more common insect bites and stings, but some vary from different parts of the country. If I do not mention some creatures that are common in your area, I urge you to research those insects yourself. I have found new knowledge about this topic, and hope that you will also discover helpful information as the summer approaches and these creatures emerge in increased numbers into our comfortable living spaces.

WHAT MAKES US REACT? The bite may be painful and often causes an allergic reaction to the poison that is deposited into your skin through the creature's mouth or stinger. That reaction can be a minor irritation, such as swelling, redness, rash, pain in the affected area or

the muscles, itching, warm skin on and around the site, or numbness and tingling in the area of the bite or sting. It can also be deadly. A severe allergic reaction can occur with any bite or sting, especially if you are allergic to venom. Watch for swelling, fever, hives, nausea, vomiting, diarrhea, muscle spasms, rapid heart rate, weak and rapid pulse, swelling of the lips, face, eyelids, or throat, confusion, generalized itching, loss of consciousness, and difficulty breathing. This is a life-threatening allergic reaction. Seek medical attention immediately. Call 911 or your local emergency service.

As you wait for medical help, ask if the person has an epinephrine injector. If so, administer the shot in the thigh, holding it in place for several seconds, loosening tight clothing, cover the person with a blanket, and position the person on his or her side to prevent choking on vomit. Perform CPR if breathing or the heart-

beat stops. This severe reaction, called anaphylaxis, can cause symptoms such as a rash, low pulse, and shock.

Many bugs bite but only a few do so intentionally. Most insects and arachnids will not bother you if you do not bother them. Some bites can carry diseases, for example, deer ticks can carry Lyme disease. Such bugs include ticks, bedbugs, fleas, flies, lice, and mosquitoes. Venomous spiders also bite intentionally.

Insects generally sting humans if they perceive a threat. Their sting usually contains a small amount of venom. The venom is what causes the itching and pain from the sting and can also cause an allergic reaction. Common stinging insects in the United States include, bees, wasps, yellow jackets, and fire ants. Scorpions are also known for stinging. They have barbed tails which contain venom, strong enough to kill a human. The most dangerous scorpion native to the United States is the Arizona bark scorpion.

TREATMENT

- Transfer the person to an area free from additional bites or stings.
- Remove the stinger if possible.
- Wash the area gently with soap and water.
- Apply a cold wet cloth or ice pack to the bite/sting area for 10-20 minutes to help decrease swelling.
- If the injury is on the leg or arm, raise it.
- You can apply calamine lotion, baking soda paste, or 1% hydrocortisone cream. You may do this several times per day until symptoms disappear.
- You can also try to relieve the discomfort and itching with home remedies such as honey, oatmeal, or baking soda. Other home remedies include heat, aloe vera, basil, vinegar, onion, thyme, peppermint oil, lemon balm, witch hazel, arnica, chamomile tea and garlic, and essential oils.
- Check with your doctor before taking any anti-itch medications by mouth.
- Take a non-prescription pain reliever as needed.
- Most bites and stings should heal within a few days. Seek medical care if symptoms increase in severity or if the site shows signs of infection.

MOSQUITOES There is so much information about mosquitoes that is specific to the area you live in. Generally, mosquito bites are small, round puffy bumps that become red, hard, swollen, and itchy. Please reference your state's official website to learn more about mosquitoes in your area.

Here is some general information:

- Use a repellent during high mosquito activity time which is at dusk and dawn. They are also active in early or mid-spring until the first hard frost (when the ground freezes).
- Use a repellent that can work against several bugs, and contains DEET, permethrin, or picaridin. Oil of lemon eucalyptus has also been found to protect against mosquitoes in the United States. It should not be used on children under age three. DEET products should not be used on infants under two months old.
- Aerial spraying for mosquitoes is done to control the spread of the deadly disease, eastern equine encephalitis (EEE). Practicing personal protection, such as using bug spray, wearing clothes that cover your skin while outdoors, and being sure that door and window screens are in good condition.
- Mosquito control around your home and yard can be accomplished by removing the insect breeding places, such as standing water that can collect in garbage cans, flower pots, bird baths, discarded car tires, or other containers.
- Ground spraying by state and local authorities is determined to be safe for humans and animals.

OTHER BITES AND STINGS

- **Fleas:** Usually located in clusters on the lower legs and feet, the bites are itchy, red bumps surrounded by a red halo and symptoms appear immediately after you are bitten.
- **Ticks:** Pain and swelling are at the bite site. A rash, burning sensation, blisters, and even difficulty breathing can occur. The tick can remain attached to the skin for a long time. Ticks can transfer disease to the human host.
- **Bedbugs:** Often transported when a person travels, they get into the creases and crevices of luggages or suitcases. When they bite, you may not feel it because the bedbug releases an anesthetic and anticoagulant that prevents

you from feeling the bite. For more information, please visit the CDC website.

- **Flies:** Painful, itchy rashes occur due to a reaction at the site of the fly bite. Although most bites are usually harmless, some may lead to severe allergic reactions or insect-borne diseases. Wear long-sleeved shirts and pants and use bug spray.
- **Lice:** Head lice, pubic lice, and body lice are different species of parasitic lice that affect humans. They feed on human blood and cause an itchy immune reaction at the bite site. The adult lice are gray or tan, about the size of a sesame seed. Nits (eggs) and baby lice look like specks that resemble dandruff.
- **Scabies:** Symptoms from a bite may take 4-6 weeks to appear. The very itchy rash may resemble pimples, blisters, or scales, and may cause raised white or flesh-toned lines.
- **Spiders:** Dangerous spider bites require immediate medical attention as their venom is very toxic to the human body. Their bites are painful, red, swollen at the site, and itchy. Examples of dangerous spider bites come from the brown recluse, black widow, and wolf spiders. The venom from the hobo spider, which is a common household spider, is not considered to be poisonous to humans.
- **Bees and Hornets:** Pain, redness, swelling, and itching occur at the sting site. A white spot appears where the stinger entered the skin and should be removed if possible. Only honeybees can sting once because their barbed stinger is what remains in the person's skin.
- **Yellow Jackets and Wasps:** These are thin wasps that have black and yellow stripes and long dark wings, are aggressive, and may sting many times. The typical signs of pain, swelling, tenderness, and redness are found at the site of the sting.
- **Fire Ants:** Located mostly in the southeastern United States, but also in New Mexico, Arizona, and California, fire ants bite and aggressively sting. They deposit venom into the human host which causes a burning sensation and red bumps at the site. Bumps become filled with a white fluid and form a pustule. Never stand on or disturb a fire ant mound. The mound, made of sand, can be filled with hundreds of fire ants.

PREVENTION

- Wear hats and light-colored, smooth-finished clothing.
- Avoid perfumed soaps, shampoo, deodorants, and colognes or perfumes.
- Avoid eating bananas or banana-scented toiletries.
- Cover your body as much as possible if you are in a high-risk area.

- Keep food and drinks covered.
- Avoid flowering plants and flower patterned clothing.
- Use citronella or insect repellent.
- Use permethrin on clothing (never on the skin) especially to prevent black-legged tick bites.
- Remain calm if bitten or stung.
- Bees release a chemical when they sting, which attracts other bees.
- Avoid swatting insects which may cause them to sting.
- If a bee comes into your car while you are driving, pull over safely and open all the windows.
- People who are known to have allergic reactions to insect bites and stings should obtain a medical prescription to carry an EpiPen and wear a medical identification bracelet/necklace identifying their allergy.

In conclusion, to control insect bites and stings, prevention should be exercised. Use caution when you are near nests or hives and hire professionals to remove them if you discover them. There are so many insects that want to bite and sting us. We must always be aware of the facts so we will remain safe from the venom with its many side effects and the diseases the insects can transmit to us.

Polonez San Diego

Polonez San Diego, one of PNA’s subsidized Polish folk dance groups, was established in 1989 by founder and director Ewa Chrzanowska and has come a long way from its humble beginnings over 35 years ago. Polonez promotes and preserves Polish heritage in San Diego and beyond through traditional Polish folk dancing. The group performs original routines that are choreographed by Natalie Barnas, the artistic director of Polonez.

The team has seen tremendous growth in recent years, having more active dancers than ever before, more performances per year, and some remarkable opportunities. Over more than three decades, Polonez has performed across Southern California, Connecticut, Nevada, and Arizona. The group was also featured on the series finale of the Emmy-nominated television show “Shameless.”

Polonez is honored to represent Polish folklore and the Polonia of San Diego, a community the dancers take great pride in. The group feels passionate about educating and spreading awareness about Polish culture and the history

of its dances. Polonez members meet biweekly to prepare themselves, improve their skills, and broaden their artistic program. Polonez is constantly expanding, as the group desires to flourish and reach new heights. Miss Barnas, who joined Polonez as a dancer in 2009, wants readers to take pride in “the incredible effort of each Polonez member as they aspire to do their part in keeping Polish folklore alive.”

Polonez encourages all to join its journey as the group promotes Polish folklore. More information about the group’s work is available on its website and social media. Polonez dancers deeply appreciate all the support they receive. Strawberry Marshmallow and Gelatin Cake

Biszkopt z truskawkową pianką i galaretką

Ingredients:

Sponge cake:

- 5 eggs
- 1 cup sugar
- 3 tbsp. potato starch
- 3 tbsp. flour
- 1 tsp. baking powder

Marshmallow layer:

- 2 packets Śnieżka whipped cream powder
- 250 ml milk
- 1 packet strawberry gelatin (preferably Polish brand)
- 125 ml water

Gelatin layer:

- 1 or 2 packets strawberry gelatin (depends on the size of your cake pan)
- Fresh strawberries

Directions:

Sponge cake (for best results, bake a few hours before cake assembly): Preheat oven to 350 degrees F. Prepare and grease a 9-inch round springform baking pan and set aside. Separate egg whites from egg yolks. In a mixer bowl, beat egg whites until stiff, then add sugar and beat more. Add sifted potato starch, flour and baking powder and mix lightly until combined. Lightly beat egg yolks with a fork and add to the above mixture. Fold in with a spatula until well combined. Transfer to a baking pan and bake for about 40 minutes (do not open the oven door during baking). Remove from oven and leave

the ready sponge cake in the pan to cool and rest for few hours. Open the springform pan and take out the cake. Leave the sponge cake on the bottom piece of the pan. Cut off the top layer to make the cake level (it is up to you how thick layer of a cake you want to have). Close the springform pan.

Marshmallow layer:

Boil 125 ml water and dissolve one packet of gelatin in it. Beat two packets of Śnieżka in 250 ml milk. Mix in gelatin. Immediately transfer marshmallow to the top of the sponge cake and spread it evenly (make sure no air pockets are left on the edges of the pan). Top with fresh strawberries

(press them down a bit). Let it set in the fridge for 20 minutes.

Gelatin top:

Dissolve gelatin packet(s) according to the directions and cool it (prepare in advance). When cold, gently pour it over marshmallow layer and put it back in the fridge until firm. When ready, cut along the edges of the pan, transfer the cake onto a serving platter, and decorate as you desire.

Śnieżka packets and milk may be substituted with 1.5 cups of heavy whipping cream (follow the same preparation procedures), although the taste will not be the same.

2 Strawberry Ice Cream

Lody truskawkowe

Ingredients:

- 250 ml heavy whipping cream
- 40 dag natural yogurt
- 50 dag fresh strawberries
- Sugar to taste

Directions:

Wash, dry, and remove stems from strawberries. Add yogurt and strawberries to a blender cup and mix thoroughly. If mix is too sour, add sugar to taste and mix for a while. Beat the well-chilled heavy whipping cream until stiff. Add yogurt and strawberry mix to the cream and mix gently. Transfer the mix to a sealable container and place it in the freezer for a few hours. Stir the ice cream thoroughly from time to time.
